Roberto Clemente: More Than a Ballplayer — Teacher Lesson Plan & Answer Key

Learning objectives: Students explain what makes a text a biography (a true, nonfiction life story told in third person by someone else) and how it differs from an autobiography, put events from a real life in sequence using dates and time-order words, solve two-step date problems, identify causes and effects with signal words (because, so, as a result), and follow cause-and-effect chains.

Duration: 35–45 minutes
Materials: Computer or tablet with the lesson open · pencil · printed Pre & Post sheet

Lesson flow (as it appears on screen)

1. Title and name: the student types first and last name so results go to KingCretot Experience. Read the Pathway Points rules together: 2 tries per question, points only for a correct first try, and the answer and reason appear after a second miss. Introduce a September afternoon in Pittsburgh, Pennsylvania, where Perla and her grandfather, Abuelo Octavio, find the Roberto Clemente statue outside PNC Park.
2. Warm-Up, Part 1: Week 23 Review (6 pts, 3 each): point of view in a short text (a different text in each set).
3. Warm-Up, Part 2 (6 pts, 3 each): two more point-of-view items, including rewriting in third person or a reader's point of view with a reason.
4. Pencil Break (Pre): the student opens or prints the Pre/Post sheet (grade3/prepost/KCE_Reading_PrePost_G3W24.pdf) and completes Page 1 (Pre) before any teaching. Do not help with answers; it shows what they already know.
5. Word Wrangler: 6 vocabulary cards (biography, cause, effect, clinic, supplies, unfairly).
6. Picture It: A Life on a Timeline (1934 born in Carolina, Puerto Rico, to 1973 elected to the Hall of Fame). Sequence clues: dates and time-order words. Cause and effect clues: because, so, as a result.
7. Read: Roberto Clemente: More Than a Ballplayer (four chapters: A Boy from Carolina, From Puerto Rico to Pittsburgh, A Star in Right Field, A Helper Off the Field). Have the student watch for dates and the words because and so.
8. What Is a Biography?, Part 1 (6 pts, 3 each): third person, real dates and places, and nonfiction; an autobiography uses I and me.
9. What Is a Biography?, Part 2 (3 pts): one more biography item (a true story is still nonfiction; biographies usually follow time order).
10. Sequence: The Order of a Life, Part 1 (6 pts, 3 each): smaller years come first; for events in the same year, check the month and day.
11. Sequence: The Order of a Life, Part 2 (3 pts): two-step date items, including age at an event (he was 20 at his first Pirates game, because his August birthday came after the April game).
12. Cause and Effect in a Real Life, Part 1 (6 pts, 3 each): ask "What happened?" for the effect and "Why?" for the cause; because comes right before the cause.
13. Cause and Effect in a Real Life, Part 2 (3 pts): one more item; a cause comes before its effect.

14. Cause-and-Effect Chains, Part 1 (6 pts, 3 each): each effect becomes the cause of the next link (earthquake → supplies → supplies stolen → decides to fly).
15. Cause-and-Effect Chains, Part 2 (3 pts): why Roberto is remembered as more than a ballplayer.
16. Word Work Bonus, Part 1: The Prefix re- (XP only, not scored).
17. Word Work Bonus, Part 2: The Prefix re- (XP only, not scored).
18. Match-Up Round (10 pts, 2 per first-try match): Set 1 matches biography words to meanings, Set 2 matches years to events, Set 3 matches causes to effects.
19. Fix the Sentence (10 pts, 5 each): each item names the one kind of fix (capital letters, commas in a date or a list, or one verb). The whole sentence is checked exactly; curly quotes and extra spaces are forgiven. The corrected sentence appears after the 2nd miss.
20. ⌨ Type-It Corral, Part 1 (8 pts, 4 each): typed vocabulary and text-detail answers; capital letters and a final period do not matter, but spelling does. The “Look back” panel is allowed.
21. ⌨ Type-It Corral, Part 2 (4 pts): more typed answers, same checking rules.
22. Speed Arena, Part 1 (XP only, not scored).
23. Speed Arena, Part 2 and Keyboard Corral (XP only, not scored).
24. Boss Battle, Part 1: Ballpark Showdown (10 pts, 5 each): two-step date problems (years apart), events from the same year, the sentence that shows a cause and its effect, and an event between two dates.
25. Boss Battle, Part 2: Ballpark Showdown (10 pts, 5 each): find-the-mistake items about cause, effect and timeline order, a which-explanation item about why Roberto was treated unfairly, a missing signal word, and typed details from the biography.
26. Pencil Break (Post): the student turns to Page 2 (Post) of the same sheet (grade3/prepost/KCE_Reading_PrePost_G3W24.pdf) and completes it, plus the ★ Challenge if time allows, before seeing the score. The sheet buttons let the student open or print it again.
27. Results (Home Run!): the score out of 100 is sent to KingCretot Experience. 85 or higher shows “Biography Master!” with the congratulations message “Biography master!” and a big confetti burst; below 85 shows “Great Effort Today!” with encouragement (“Roberto Clemente kept working hard, even when things were not easy. You can too!”), and the next attempt brings a fresh question set (sets rotate 1, 2, 3). Both messages remind the student to finish the Post-Lesson Challenge sheet.

Lesson answer key with reasoning

Every scored item the student sees, in order, across all three rotating question sets. Each item allows 2 tries and earns Pathway Points only on a correct first try. The "why" is the same reasoning shown on screen after a second missed try.

His trip was an effect, not a cause, of the earthquake. / Roberto never planned a trip. / The earthquake happened in Pittsburgh. / Nothing went wrong.]	**The earthquake came first and caused Roberto to help. [Pascal is right, because the biography says the cause was the color of his skin / Olivia is right, because he broke a rule / Olivia is right, because he did not try hard / Neither is right, because no one treated him unfairly]	**Pascal is right, because the biography says the cause was the color of his skin**	Chapter 2 says some people treated him unfairly because of the color of his skin.
