KCE PATHWAYS · GRADE 3 · UNIT 4: PARTS AND PIECES · WEEK 18 · MATH

Quilting Day in Gee's Bend

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Pre-Lesson Warm-Up: Strips and Squares

Try your best on each problem. Draw a picture if it helps! It is okay if some of it feels new.

1. Review: On Mrs. Jensen's farm lane, the feed bin sits at 1/4 of a mile. What fraction in eighths names the same spot? Draw a picture if it helps.

2. Calvin and Tasha have same-size strips of fabric. Each strip is cut into 6 equal parts. Calvin sewed 2 parts. Tasha sewed 5 parts. Who sewed more of the strip?

   Calvin | Tasha | They sewed the same

3. Ruthie cuts one square into 2 equal parts. She cuts a same-size square into 8 equal parts. Draw both squares. Which is bigger: 1/2 of a square or 1/8 of a square?

4. Which symbol means "is greater than"?

   < | > | =

5. Write <, >, or = to compare 3/6 ..... 1/2. Tell how you know.

Quilting Day in Gee's Bend

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Post-Lesson Activity: Comparing Quilt Pieces

Same denominator: compare the numerators. Same numerator: compare the piece sizes.

1. Write <, >, or = in each blank. (a) 4/8 ..... 7/8 (b) 2/3 ..... 2/4 (c) 1/6 ..... 1/2 (d) 6/6 ..... 3/3

2. Two steps: Tasha and Calvin each have a same-size spool of ribbon. Tasha used 2/8 of hers. Calvin used 5/8 of his. Write the fraction each one has left. Who has more ribbon left?

3. Find the mistake: Calvin wrote 4/6 < 4/8, because 6 is less than 8. What went wrong? Write the correct comparison.

4. Tasha's small pillow is 3/4 blue. Ruthie's big bed quilt is 1/4 blue. Ruthie says Tasha used more blue fabric, because 3/4 > 1/4. Explain why you cannot be sure.

★ **Challenge:** Tasha sewed 2/3 of a strip. Calvin sewed 3/6 of a same-size strip. Who sewed more? Draw both strips to prove it.

Looking Ahead: Next week: telling time, elapsed time, liters, grams, and kilograms at the Balloon Fiesta!
