Checkpoint 5 — Charting the Course Review

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Checkpoint 5 Warm-Up: Charting the Course

Warm up with skills from Weeks 21–24. Show your work. It is fine to be unsure; this shows where you are starting.

1. Start at the origin, move 5 right and 3 up. Write the ordered pair. Is (0, 7) on the x-axis or the y-axis?

2. Convert. (a) 2 1/3 yards = _____ feet (b) 4.2 kilograms = _____ grams

3. A line plot shows 2 X's above 3/8 inch and 3 X's above 1/2 inch. What is the total length of those 5 shells?

4. Give the full name of a triangle with angles of 90°, 45°, and 45° and two equal sides. How many lines of symmetry does a square have?

5. *Because the trail was icy, the rangers closed it.* Circle the signal word. Which text structure does it point to?

6. Which sentence uses a simile?

   The harbor was as quiet as a library. | The harbor was a library. | The harbor was very quiet.

Checkpoint 5 — Charting the Course Review

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Checkpoint 5 Challenge: Charting the Course

Show your work, and write in complete sentences with correct capitals, commas, and quotation marks.

1. Two steps: a rope is 5 yards long. Solveig cuts off 7 feet. How many INCHES of rope are left?

2. Find the mistake: Uzoma says that when 3 cups of seawater are shared equally among 4 jars, each jar holds 1 1/3 cups. What went wrong? Fix it.

3. Be the editor. Rewrite each sentence correctly. a) aunt winnie said check every angle twice b) On June 2 2026 we visited Sitka Alaska. c) The crabs in the pool hides under the rocks.

4. Writing (4–5 sentences): write a firsthand account of a visit to one Unit 5 place, using I. Use a signal word with a comma, one simile or metaphor, and one line of dialogue.

★ **Challenge:** On a grid, point A is (2, 1), point B is (2, 7), and point C is (6, 7). Each grid unit stands for 1/4 mile. How many miles is it from A to B to C along the grid lines?

Looking Ahead: You finished Unit 5: Charting the Course! Your next unit brings new places and new skills.
