KCE PATHWAYS · GRADE 3 · UNIT 3: MARKET DAYS · FLORIDA FOCUS · SCIENCE

Florida's Springs and Manatees

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Page 1 (Pre): What I Already Know

Do this before the lesson. It is OK to guess!

1. Where do you think your family's tap water comes from?

2. Draw a manatee. Label one thing you know about it.

3. **Guess:** In winter, do manatees look for warm water or cold water? Why?

4. What do you wonder about springs or manatees?

Florida's Springs and Manatees

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Page 2 (Post): What I Learned

Do this after the lesson. Use what you learned.

1. Draw the path of a raindrop from your yard to a spring. Label **limestone** and **aquifer**.

2. **Evidence:** Look at the manatee count chart. When were the most manatees in the spring? Why?

3. Name two dangers to manatees and one way people help.

4. Who was kept out of the main Silver Springs park? Why does that story matter?

★ **Challenge:** Write two rules your family could follow to keep the aquifer clean. Explain how each rule helps the water and the manatees.

Looking Ahead: This was a bonus Florida lesson. Go back to your Unit 3 lessons and keep going! Bring this question: How does what we do on land change the water under our feet?
