KCE PATHWAYS · GRADE 3 · UNIT 2: THE TRAIL AHEAD · WEEK 7 · SCIENCE

The Sun, Seasons and Day and Night

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Before the Lesson: Sun and Sky

Write or draw what you already know. Guesses are welcome!

1. Why do you think it gets dark at night?

2. Draw the Sun and Earth. Show where you think you are at lunchtime.

3. **Predict:** Is your shadow longer in the morning or at midday? Why?

4. What do you wonder about the Sun, Moon, or stars?

KCE PATHWAYS · GRADE 3 · UNIT 2: THE TRAIL AHEAD · WEEK 7 · SCIENCE

The Sun, Seasons and Day and Night

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

After the Lesson: Sky Scientist

Show what you learned. Use evidence and new words.

1. Explain day and night. Use the words **spin** and **Sun**.

2. **Evidence:** The shadow stick was 38 inches at 9 AM and 10 inches at 1 PM. What does this show about the Sun?

3. Draw Earth going around the Sun. Show the tilt. Label where it is **summer**.

4. Someone says summer comes because Earth is closer to the Sun. Use evidence to explain why that is wrong.

★ **Challenge:** With a parent, stand in the same spot at 9 AM, noon, and 4 PM. Have someone trace your shadow with chalk each time. Measure each one. What pattern do you see?

Looking Ahead: Next week we study **rocks, minerals, and soil**. Bring a question: What is soil made of?
