Final Checkpoint — Voices of Change Review

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Final Checkpoint Warm-Up: Voices of Change

Warm up with skills from Weeks 26–29. Show your work. It is fine to be unsure; this shows where you are starting.

1. Evaluate 6 + 4 × (9 − 2). Then write an expression for "subtract 3 from 20, then multiply by 5."

2. Write 10^4 in standard form. (a) 3.7×10^2 = _____ (b) $48 \div 10^3$ = _____

3. Multiply 0.7 × 0.6. Then divide 4.8 ÷ 0.6.

4. Find the area of a shelf 3/4 foot by 2/3 foot. Is 5/4 × 16 greater or less than 16?

5. "Fixing my bike was a Herculean job." Which myth is this allusion about? What does it mean?

6. Which sentence is a bandwagon trap?

- Everyone in my class wants a garden, so build one.
- A garden would let our class study plants.
- Some parents worry a garden costs too much.

Final Checkpoint — Voices of Change Review

Name: _____ **Date:** _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Final Checkpoint Challenge: Voices of Change

Show your work, and write in complete sentences with correct capitals, commas, and quotation marks.

1. Two steps: 6 water bottles cost $2.75 each, and 10^2 stickers cost $0.05 each. What is the total cost?

2. Find the mistake: Elspeth says 3 1/2 × 1 1/2 = 3 1/4, because 3 × 1 = 3 and 1/2 × 1/2 = 1/4. What went wrong? Fix it.

3. Be the editor. Rewrite correctly. a) dear library board b) The clues in the story points to the wind. c) Valentina said “the library should stay open late”.

4. Writing (4–5 sentences): convince your family which Unit 6 place to visit first. Use a claim, a transition with a comma, evidence, and a rebuttal, with no reasoning traps.

★ **Challenge:** A model divides miles by 10^4 and shows centimeters. The Moon is about 239,000 miles from Earth. How far apart are the model Earth and Moon? On a model half as long?

Looking Ahead: You finished Unit 6 and all 30 weeks of KCE Pathways. Congratulations, graduate!
