KCE PATHWAYS · GRADE 3 · UNIT 3: MARKET DAYS · WEEK 11 · MATH

Harvest Day at the Citrus Grove

Name: _____ Date: _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Pre-Lesson Warm-Up: Harvest Day at the Citrus Grove

Try your best on each problem. Draw a picture or an array if it helps!

1. Review: Theo has 4 rows of jars with 5 jars in each row. How many jars? Write the multiplication fact.

2. Draw an array of orange trees with 3 rows and 6 trees in each row. How many trees in all?

3. Which fact has the same product as 6 × 8?

   8 × 6 6 + 8 8 × 8 6 × 6

4. Skip-count by 6s: 6, 12, 18, ___, ___, ___

5. 9 × 1 = ___ 7 × 0 = ___

Harvest Day at the Citrus Grove

Name: _____ Date: _____

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

Post-Lesson Activity: Packing the Grove

Use the turn-around trick, the break-apart trick, and the 9s pattern. Show your work.

1. Fill in the break-apart: 7 × 8 = 7 × 5 + 7 × ___ = ___ + ___ = ___

2. Rosa packs 9 crates with 6 oranges in each crate. How many oranges? Write the fact and its turn-around fact.

3. Two steps: The truck carries 7 rows of 9 bins. 8 bins are unloaded. How many bins are still on the truck?

4. Find the mistake: Theo wrote 9 × 4 = 63. What did he do wrong? Write the correct product.

★ **Challenge:** A grove block has 8 rows of 9 trees. Rosa's family planted 2 more rows of 9 trees. How many trees are in the block now? Show two different ways to find the answer.

Looking Ahead: Next week, Theo and Mia visit a city bakery in Chicago, where you will use division facts, fact families, and unknown numbers to share muffins and rolls into equal trays.
