KCE PATHWAYS · GRADES 4–5 · UNIT 1: FIRST STEPS · WEEK 4 · MATH

The Lemonade Stand Ledger

Name: _____ **Date:** _____

PRE-LESSON WARM-UP · DO THIS BEFORE YOUR COMPUTER LESSON

Opening the Cash Box

Priya and Jordan are about to count their lemonade stand earnings. Before you help them, warm up on last week's skill AND today's new one.

REV Quick Review from Week 3: 7/10 + 2/10 = ___ ? Show your work.

1 Match each word to its meaning.

___ **decimal point**	**A.** Second digit after the decimal point
___ **tenths**	**B.** The dot separating whole numbers from parts
___ **hundredths**	**C.** First digit after the decimal point

2 Write “45 cents” as a decimal amount of a dollar (like “0.XX”).

3 Have you ever run a small business, lemonade stand, or fundraiser with a friend? Write 1-2 sentences about it.

POST-LESSON CHALLENGE · DO THIS AFTER YOUR COMPUTER LESSON

The Final Tally

Help Priya and Jordan finish counting their savings toward the concert tickets.

1. Which is GREATER: $3.40 or $3.04? Explain how you know in one sentence.

2. Priya's mom donated $5.50 to their fund. Jordan's dad donated $4.25. How much did the two donations add up to together? Show your work.

3. They now have $32.00 saved, and tickets cost $35.00. How much more do they need? Show your work.

4. Explain in 1-2 sentences: why is it important to line up the decimal points when adding or subtracting money amounts?

★ **Challenge:** Write your own decimal word problem about a real savings or shopping situation — using the words “decimal point,” “tenths,” and “hundredths.” Then solve it.

Looking Ahead: Next week is the Unit 1 Checkpoint — a review of everything from Weeks 1 through 4! Bring this sheet back to review.
